WASHINGTON, 25, D.C.

DEAR MR. DELANEY:

Please consider the application for amendment to our license No. SNM98, permitting the use of the shipping container described on the attached Drawing No. B-2931.

This shipping container design has been submitted to the Bureau of Explosives, New York Office and has been assigned Permit No. 593 on June 18, 1958.

We would appreciate an early comment and/or approval since we are prepared to ship recovered and refined uranium in the form of oxides.

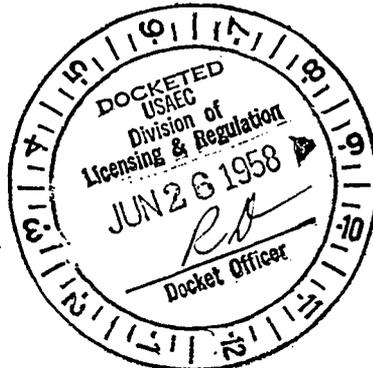

Very truly yours,

ENGELHARD INDUSTRIES INC.
