FROM : C. P. McCallum, Jr.

SUBJECT: ENGELHARD INDUSTRIES, INC. APPLICATIONS DATED JUNE 24, SEPTEMBER 12 AND DECEMBER 5, 1958 AND FEBRUARY 9 AND MARCH 25, 1959 - DOCKET 70-90

ANALYSIS AND FINDINGS

Reference is made to the memorandum to the files dated September 15, 1958 regarding the observations, conclusions and findings resulting from the review of Engelhard Industries, Inc.'s application for a special nuclear material license and the subsequent amendments thereto.

By letter dated June 24, 1958, as modified September 12 and February 9, 1959, the applicant requests that its license SNM-98 be amended to authorize the use of certain procedures for the shipping of special nuclear material.

By letter dated December 5, 1958 and March 25, 1959, the applicant submitted procedures in compliance with Section 70.24.

Based on our review of the information provided by the applicant, it is hereby determined that the license may be amended to authorize the additional shipping activities and that the procedures submitted in compliance with Section 70.24 may be approved.
