

Office Memorandum • UNITED STATES GOVERNMENT

TO : L. R. Rogers
Chief, Radiation Safety Branch

DATE: May 14, 1959

FROM : E. R. Fleury
Acting Chief, Licensing Branch 

SUBJECT: CRITICALITY ASPECTS OF INSPECTION OF ENGELHARD INDUSTRIES,
SNM-98 (DOCKET 70-90)

SYMBOL: LRL:JCD

We have reviewed the report of the inspection dated February 17, 1959 of the subject licensee's activities and concur in the recommendations made by the inspector regarding the licensee's compliance with 10 CFR 70 and the conditions of Special Nuclear Material license SNM-98 insofar as they apply to avoiding accidental criticality.
