Dear Ms. Cardwell:

The Office of Federal and State Materials and Environmental Management Programs received your November 19, 2008 letter on the Texas proposed regulations to incorporate RATS IDs: 2002-1, 2005-1, 2006-2, 2006-3, 2007-3, and 2008-1. The review has been assigned to Janine Katanic and it is our goal to complete the review within 60 days.

Please note, although you requested that we review RATS ID 2000-1 on Energy Compensation Sources for Well Logging and Other Regulatory 10 CFR 39 Clarifications, NRC reviewed these final regulations previously and had no comments. (See our November 30, 2006 letter to you, ADAMS Accession number ML063340007). No change to this regulation was identified and it is not our practice to rereview final regulations previously reviewed. If our understanding is not correct, please notify us as to the proposed change to this regulation.

If you have any further comments or questions, please contact me. Thank you for your attention.
