Clauses H.18.2, H.18.5 and H.18.7 have been carried forward in their entirety into Contract No. DE-NR00003, which covers NFS D&D work through CY 2010. Transfer of control of NFS during this time period should have no impact on our decommissioning liability under these contract clauses.

Darren:

As we discussed this morning, we would like to document that NNSA is aware of the proposed transfer of control of Nuclear Fuel Services, and that statements of intent to fund decommissioning activities will remain valid if the transfer is approved. Specifically, we request confirmation that the following statements of intent will remain valid:

1. NFS/DOE Contract No. DE-AC12-04SN39427, Clauses H.18.2, H.18.5, H.18.7.
2. DOE Prime Contract No. DE-SA09-01SR18976/TVA No. P-01N8A-249655-001, Article V, Paragraph (c), as supported by the attached letter dated November 12, 2003.

3. DOE Prime Contract No. DE-AC24-05OH20192, Decontamination and Decommissioning Clause.

Please let me know if you have questions about this request.

thanx,

Kevin M. Ramsey
