Mr. Dale E. Young, Vice President
Crystal River Nuclear Plant (NA1B)
ATTN: Supervisor, Licensing & Regulatory Programs
15760 W. Power Line Street
Crystal River, FL 34428-6708

SUBJECT: RECEIPT AND AVAILABILITY OF THE LICENSE RENEWAL APPLICATION
FOR THE CRYSTAL RIVER UNIT 3 NUCLEAR GENERATING PLANT

Dear Mr. Young:

On December 18, 2008, the U.S. Nuclear Regulatory Commission (NRC) received the Florida Power Corporation's application for renewal of operating license (Operating License No. DPR-72) for the Crystal River Unit 3 Nuclear Generating Plant. We are currently performing an acceptance review for docketing in accordance with the requirements of Title 10 of the *Code of Federal Regulations* Section 2.101 (10 CFR 2.101), and will notify you of the results of our review. Should the NRC staff determine that the application is acceptable for docketing, a schedule for the review will then be provided to you.

We have enclosed for your information a copy of the notice relating to your application that is being sent to the Office of the Federal Register for publication.

I am pleased to announce the appointment of Robert F. Kuntz as the project manager for your license renewal application. Please forward copies of all license renewal correspondence to Mr. Kuntz. Ms. Farideh Saba continues to remain responsible for the project management of all issues other than license renewal for Crystal River Unit 3 Nuclear Generating Plant.

If you have any questions on this matter, please contact Mr. Kuntz by telephone at 301-415-3733 or by e-mail at Robert.Kuntz@nrc.gov.

Sincerely,

/RA/

Brian E. Holian, Director
Division of License Renewal
Office of Nuclear Reactor Regulation

Docket No. 50-302
