At each stage, we request that your staff review the document or draft work product developed by PNNL in the area of transportation. Any questions, comments, or proposed revisions should be discussed with the PNNL reviewer, Phil Daling (509-371-7899) and, if necessary, with Richard Emch (301-415-1590). An estimate of the number of work-hours to be performed by your staff, scheduled completion date, and TAC numbers for your staff to charge their time has been provided. The requested action for any stage of the review for this application can be closed by sending an email to the environmental project managers, Donald Palmrose (donald.palmrose@nrc.gov, 301-415-3803) and Bruce Olson (bruce.olson@nrc.gov, 301-415-3731).
