Dear Mr. Lawyer;

Reference Response to Request for Additional Information Concerning License Amendment, Control No. 142822; License No. 19-10306-01; Docket No. 03004552

This letter and its attachments (electronic and hard copies) are provided in response to your letter dated October 07, 2008 requesting information to supplement the Final Status Survey Report for the Rad Yard site at the Aberdeen Proving Ground, Edgewood Arsenal in Maryland. This information evaluates the potential dose contributions from neighboring sites previously released from control under NRC license.

If this document provides the information required to verify that the Rad Yard site meets the agreed upon cleanup criteria, please provide written authorization releasing the site from regulation under the above referenced license.

If you have any questions regarding this action, please address them to Eric Kujala, ECBC Radiation Safety Officer, or telephone (410) 436-1381, facsimile (410) 612-5378, or by email <a href="mailto:eric.kujala@us.army.mil">eric.kujala@us.army.mil</a>. Additionally, you may contact Bob Schoenfelder, who is with the contractor Weston Solutions, at (505) 837-6556, or email <a href="mailto:r.schoenfelder@westonsolutions.com">r.schoenfelder@westonsolutions.com</a>.

Sincerely,

Eric M. Kujala
