Subject: Levy Nuclear plant

Jessie M Muir & Douglas Bruner,

It is my understanding this is where we are to send comments regarding the proposed nuclear power plant in Levy County.

I am a 5th generation Levy County resident. Except for some time away at college and 1 year, I have lived my life in this county. My home is in Levy County, my business is here, my kids attend school here and we attend church here. I feel like I can safely say I have as good a "feel" for this county as anyone.

Life would be nice without the threats associated with nuclear power.

However, no one I know wants to give up electricity and what it brings to our lives; therefore, power plants are a necessary evil. With that in mind, I believe, and most people agree, rural areas are the best place for power plants. I also believe nuclear power has the least drawbacks of any power plants available today, but that is not the purpose of this letter.

I have conversed with many, many people in our county about the proposed power plant. Everyone I have spoken to, without exception, is in favor of the plant. We absolutely want the jobs and the tax base it will bring to our area. I'm sure there are some opposed, and I'm sure they will speak loudly, but my opinion is they are a very small minority in our county. If you are seeking a place where the plant will be welcomed, Levy County is that place. If Inglis is real opposed, come look at Williston.

Thank You,

Wade Bullock
