(NOTE: This will be used as the  
Documents Title in ADAMS)

Summary:

The facility RSO is on vacation until 1/5/09, so this request was made to the Operations Manager of the Aston, PA office.

The information that was submitted to the NRC on 12/5/08 did not include the Linden, NJ radiographer and assistants' personnel dosimetry information for the last three years (2006, 2007 and 2008). Also the audit record did not indicate that the review included the Linden, NJ sub-station.

The licensee will find the requested information and fax it to me as soon as possible.
