Division of Site and Environmental Reviews
Office of New Reactors

SUBJECT: SUMMARY OF DECEMBER 10, 2008, PUBLIC MEETING ON
IMPROVING EFFECTIVENESS AND EFFICIENCY OF THE U.S.
NUCLEAR REGULATORY COMMISSION'S ENVIRONMENTAL
REVIEW PROCESS

On Wednesday, December 10, 2008, the U.S. Nuclear Regulatory Commission (NRC) staff held a Category 2 public meeting with the NRC and industry representatives to discuss potential ways to continue enhancing the efficiency and effectiveness of the environmental review process. This meeting included presentations delivered by NRC staff and the Nuclear Energy Institute (NEI) as well as discussions. Enclosure 1 is the list of attendees, Enclosure 2 is the meeting notice with agenda, Enclosure 3 is the Environmental Protection Plan template, Enclosure 4 is the NRC slide package, and Enclosure 5 is the NEI slide package. Approximately 40 individuals, including NRC staff and industry representatives, attended the meeting.

After a brief introduction, the NEI representatives discussed most of their slides, followed by NRC staff slide presentation and discussion, and ending with presentation of the remaining NEI slides. Discussions focused on lessons learned, improvements and progress in the environmental review process, and paths forward. Throughout NEI and NRC presentations, discussions focused on interactions with the U.S. Army Corps of Engineers, guidance documents, and potentially generic environmental issues. The NRC staff continues to work on updates to the Environmental Standard Review Plan and Regulatory Guides 4.2 and 4.11. Other than the discussions, there were no public comments.

Enclosures: As stated
