**Hearing:**

October 23, 2007 - House Oversight and Government Reform Committee Hearing on the Health and Environmental Impacts of Uranium Contamination in the Navajo Nation

**Staff-level follow-up meetings:**

November 29, 2007

May 5, 2008

September 19, 2008 (phone conference)

**Follow-up meetings with Committee Members:**

December 5, 2008

May 22, 2008  
September 25, 2008

**Also of note:** the 5-year plan from the Federal agencies was submitted to the Committee on June 12, 2008 (cover letter from EPA).

If there is more information that you need in prep, let me know.

Thanks,  
Amy

Do you have a running list of the dates of all of the Hearings and meetings that we have attended to date dealing with the Navajo Contamination issue?

Thanks
