Ladies and Gentlemen:

The referenced NRC letter provided requests for additional information (RAIs) generated by the U.S. Nuclear Regulatory Commission (NRC) staff during its review of the Progress Energy Carolinas, Inc. The NRC letter requested that the staff be notified of the date for receipt of this information if the response would exceed 30 days.

We anticipate that the Progress Energy response to these RAIs will be submitted by February 12, 2009.
