Nilda- Please "white-out" the "Westinghouse Proprietary Class 2" header on the February 28, 2008 semi- annual report as suggested on your 12/17/08 e-mail note. This header was inadvertently left on the letter and will not be included on future reports. Thanks for your help.

**Subject:** Effluent Report

Gerry,

The semi-annual effluent report dated Feb 28, 2008, says Westinghouse Proprietary Class 2 on it. Those reports don't meet the criteria for proprietary or sensitive information. Can you send me another letter with attachments that I can make public? Or I can just white-out the "Westinghouse Proprietary Class 2" header and re-copy the letter and enclosure if that's OK with you.

Nilda
