SUBJECT: TERMINATION OF YOUR NRC RADIOACTIVE MATERIALS LICENSE

Dear Dr. Cossell:

In letter dated October 6, 2008, you contacted the U.S. Nuclear Regulatory Commission and indicated that you wished to terminate your NRC radioactive material license. This request was concurrent with a request to add your facility to The Care Groups, LLC NRC license No. 13-19923-01. Since licensed activities will continue under The Care Groups LLC NRC license, no decommissioning evaluation is required to terminate your NRC license and no further remediation or actions with respect to NRC regulated material is required. Therefore, your NRC license number 13-32363-01 is hereby terminated.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). The NRC's document system is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).

If you have any questions, please call me at (623) 2145213.

Sincerely,

James R. Mullauer, M.H.S.
