

UNITED STATES
NUCLEAR REGULATORY COMMISSION
REGION IV
612 EAST LAMAR BLVD, SUITE 400
ARLINGTON, TEXAS 76011-4125

December 22, 2008

The Honorable Judge Andy Rash
Hood County Courthouse
Room 7
Granbury, TX 76048

Subject: NRC PARTICIPATION IN THE COMANCHE PEAK EVALUATED
EXERCISE ON APRIL 7, 2009

Dear Judge Rash:

Each year, NRC Region IV participates in selected licensee exercises. This gives the NRC the opportunity to demonstrate its ability to interface with licensees as well as State and other Federal agencies. On April 7, 2009, Comanche Peak will conduct an exercise of its emergency plan. The NRC will participate in this exercise with staff at the following locations:

- Region IV Incident Response Center, Arlington, TX
- NRC Headquarters Operations Center, Rockville, MD
- Comanche Peak Emergency Operations Facility
- Comanche Peak Joint Information Center
- State of Texas Emergency Operations Center (if requested by the State)

We recognize that these exercises are very important to the licensee as well as offsite response organizations and that the success of the exercise depends heavily upon the coordination activities leading up to the exercise. We want to be sure that you are aware of our plans to participate and describe our typical coordination activities in which you may want to be included.

Approximately 3 - 4 months prior to the exercise, NRC management schedules a meeting or conference call with offsite officials to discuss NRC participation/support. This ensures that the offsite officials are aware of NRC's participation in the exercise and potential impact on liaison resources during the exercise.

The NRC has made an offer to the licensee to provide training on the NRC response process as well as specialized training related to the use of the Response Technical Manual, RASCAL dose projection code, and/or Emergency Response Data System. This training is typically held at the licensee's site and is subject to instructor availability. If you are interested in this training for your staff, we ask that you coordinate participation with the licensee.

We look forward to working with you on this exercise. If you have questions regarding NRC's participation, exercise coordination, or specialized training, please contact Tom Andrews, Senior Emergency Response Coordinator at 817.860.8233.

Sincerely,

/RA/

Linda L. Howell, Chief
Response Coordination Branch
