Donnie,

My changes are attached. Reading this a second time, I was wondering how this fits in with the existing section 4.3.4, especially with the conclusion in 4.3.4.4 of the existing SER. Does the supplement change the conclusion in 4.3.4.4? It shouldn't. Perhaps we should say that the Staff's conclusion in 4.3.4.4. in the March '07 SER remains valid.

Please review the attached document.

After review by OGC, I needed to revise the Section 4 input that you provided.

Please review carefully to insure that I did not change any of your intent.

I need your comments before COB on Monday July 21, 2008

thanks!
