SERVICES, LLC (Calvert Cliffs Nuclear Power Plant, Unit 3)
Docket No. 52-016

Dear Administrative Judges:

This letter is in reply to your law clerk's December 18, 2008 request to the NRC staff concerning the status of the public version of the Calvert Cliffs Nuclear Power Plant, Unit 3 Combined License Application, Revision 3. The history of revision 3 is set out in the NRC staff's December 15, 2008 answer to the "Petition to Intervene in Docket No. 52-016, Calvert Cliffs-3 Nuclear Power Plant Combined Construction and License Application," at pages 50-51.

Subsequent to the filing of its answer, the NRC staff received an updated version of Revision 3 from the applicant, and is performing the necessary sensitive unclassified non-safeguards information (SUNSI) review for release of the public version of revision 3 of the application. The NRC staff expects to complete this review on or about January 16, 2008.

Counsel for the NRC staff will provide updates concerning the availability of the public version of revision 3 as additional information becomes available.

Respectfully submitted,

/Signed (electronically) by/

Counsel for the NRC Staff
