Mr. William J. Rudolph, II
Superintendent, Operations Training
FirstEnergy Nuclear Operating Company
Beaver Valley Power Station
Training Center
State Route 3016
Shippingport, PA 15077

Dear Mr. Rudolph:

The U. S. Nuclear Regulatory Commission (NRC) plans to administer the generic fundamentals examination (GFE) section of the written operator licensing examination on the following dates during this calendar year:

March 4, 2009

June 10, 2009

September 9, 2009

December 9, 2009

To register personnel to take the GFE, an authorized representative of your facility must submit a letter to the Region I Regional Administrator, with a copy addressed as follows:

Chief, Operator Licensing and Human Performance Branch, NRR
Mail Stop OWFN 12D19
U.S. Nuclear Regulatory Commission
Washington, DC 20555-0001

Your letter should identify the individuals who will take the examination, and it should certify that they are enrolled in a facility licensee-sponsored program leading to NRC operator or senior operator licensing and that they will have completed their fundamentals training by the date of the examination. The letter should also identify the personnel who will have access to the examinations before they are administered (e.g., proctors) and the address to which the examinations are to be sent. To allow the NRC to assign docket numbers, your letter should be received by the NRC Region 1 Regional Administrator and the Chief, Operator Licensing and Human Performance Branch, **30 days before each desired examination date** shown above. A sample registration letter is enclosed.

Copies of administered GFEs and their answer keys will be available for review in the NRC's Public Document Room approximately 45 days following each examination. The NRC's GFE Web page (which is available at <http://www.nrc.gov/reactors/operator-licensing/generic-fundamentals-examinations.html>) will be updated semi-annually, approximately 60 days following the June and December examinations.

Sincerely,

Your letter should identify the individuals who will take the examination, and it should certify that they are enrolled in a facility licensee-sponsored program leading to NRC operator or senior operator licensing and that they will have completed their fundamentals training by the date of the examination. The letter should also identify the personnel who will have access to the examinations before they are administered (e.g., proctors) and the address to which the examinations are to be sent. To allow the NRC to assign docket numbers, your letter should be received by the NRC Region 1 Regional Administrator and the Chief, Operator Licensing and Human Performance Branch, **30 days before each desired examination date** shown above. A sample registration letter is enclosed.

Copies of administered GFEs and their answer keys will be available for review in the NRC's Public Document Room approximately 45 days following each examination. The NRC's GFE Web page (which is available at <http://www.nrc.gov/reactors/operator-licensing/generic-fundamentals-examinations.html>) will be updated semi-annually, approximately 60 days following the June and December examinations.

Sincerely,

/RA/
