**Subject:** Progress Energy Nukes

Please take action to stop Progress Energy from making the citizens pay for the construction costs of the planned nuclear power plant. The Progress Energy shareholders, not the public, should bear the cost of building new plants. For the next 8 years Progress Energy plans to charge the average customer each and every month to pay for this plant. That will total of thousands of dollars for each and every one of us. We, the citizens, should not pay thousands of dollars to enrich the Progress Energy Corporation.

You can help stop this from happening!!!

Please do not allow Progress Energy to build this nuclear plant.

Thank you,

Ron & Joan Miller  
4114 S Washington Pt  
Homosassa, Fl 34448
