US NRC:

We are requesting a name change on item 1 (Licensee) of our current US NRC License Number 47-24879-01. The requested Licensee name change is due to the Chemicals Business Unit of Sunoco simplifying the structure of the various legal entities we use to operate our business. The Chemicals division of Sunoco has been built through acquisition over the last decade with various legal entities pulled together to form what we have internally called our "Chemicals Business Unit."

The recent sale of one facility and assumption of full ownership of another has highlighted the outdated and unnecessary complexity of our existing legal structure.

Effective January 1, 2009, all current legal entities related to the phenol and polypropylene (Neal Plant) business will be consolidated under the official legal entity "Sunoco Chemicals, Inc."

**Item 1 - Licensee**

**Existing:** Sunoco Inc. (R&M), d/b/a Sunoco Chemicals, Neal Plant

**Requested Name Change:** Sunoco Chemicals, Inc.

The physical address remains the same as in item 2 (200 Big Sandy Road, Kenova, WV 25530).

If you have any further questions regarding this letter or about the requested name change, please contact me at (304) 453-5946.

Regards,

John Nye

Radiation Safety Officer  
Sunoco Chemicals – Neal Plant
