Subject: RAI, DFP still required

(NOTE: This will be used as the  
 Documents Title in ADAMS)

I received the amendment to the license. The objective of the amendment was to remove the requirement for a decommissioning funding plan (DFP). However, the material amounts were not reduced to below this quantity. We discussed options and Mr. Simpson said that he would review his options, discuss with management and call me back next week with what he was planning on doing.

Action Required: Wait for NASA review.
