

**Welcome to the U.S. Nuclear Regulatory Commission's
Open House Associated with the Environmental Review
for the Proposed Combined Licenses (COLs) for
Comanche Peak, Units 3 and 4**

This open house is intended to provide an opportunity for interested members of the public and staff from other Federal, State, Tribal and local agencies to interact with the U.S. Nuclear Regulatory Commission (NRC) staff in an informal information exchange.

The NRC is gathering information necessary to prepare an Environmental Impact Statement (EIS) as part of its review of the proposed combined licenses (COLs) for the Comanche Peak Nuclear Power Plant (CPNPP), Units 3 and 4 COL site. Please note that if you wish to provide formal comments regarding the scope of the environmental review for the COL, they must be presented at today's transcribed public meeting or provided in writing or electronically by February 17, 2009. Comments received after this date will be considered while developing the draft EIS if it is practical to do so, but the NRC staff is able to assure consideration only for comments received on or before February 17, 2009. Submittal of electronic comments may be sent by e-mail to the NRC at Comanche.COLEIS@nrc.gov.

Written comments on the scope of the EIS should be sent to:

Chief, Rules and Directives Branch
Division of Administrative Services
Office of Administration
Mailstop TWB-05-B01M
U.S. Nuclear Regulatory Commission
Washington, DC 20555-0001

Thank you for your participation.
