Subject: Request for additional information (RAI) –in the discovery / interrogatory stage

Above Discovery Request is as a document in PSC docket # 2008-196-E Matter ID #:194466 and its copies were delivered to PSC by hand on 2008-08-19, and sent by mail on 2008-08-20 to you and Office of Regulatory Staff (ORS). ORS responded on 2008-08-25 (doc matter ID: 194568).

In above RAI items 1.1 to 1.6. are still waiting for your response.

Item # 2 – Site Visit was successfully accomplished on 2008-09-02. Thank you for an opportunity to talk to your representatives (experts in the operation of the AP 600 reactor- Unit 1) as well as to see their administrative building with a classroom where some nuclear problems presentation/training was conducted.

It is my hope that materials delivered in response for #1.1. to 1.6 will clarify and simplify the process of your application for this huge project. The project which could have the enormous influence on the economy of the State of South Carolina and life of its residents.

I would like to know where you are today with this task and when I can expect their final version. Of course it would be excellent to have these materials ASAP but approximate date would be appreciated so I could plan my other professional and political activity according to this date. Thank you in advance.

Sincerely,

Joseph Wojcicki
