Re: Sources Distributed Under 10CFR Part 30, 30.71 Schedule B, 30.15 (A) (9) and 30.18

Dear Director:

Please accept this document as the WM B. Johnson & Associates Inc. report for the calendar year 2008 for the distribution of exempt quantity radioactive sources.

1. LICENSE SUBMITTING THIS REPORT: 47-28665-04E
2. Sources Distributed Under 10CFR Part 30, 30.71 Schedule B, 30.15 (A) (9) and 30.18
3. All of the sources were distributed with instrumentation manufactured by WM B. Johnson & Associates Inc.
4. All sources were manufactured by Spectrum Techniques and contained in their capsule Model Number Cs 137 S1.
5. The following number of sources were distributed in calendar year 2008.
 - a. 86 pieces of 1 μ Ci of Cs 137
 - b. 10 piece of 0.1 μ Ci of Cs 137

Please do not hesitate to contact me at the Lewisburg corporate offices (304-645-6568 or clandfried@msn.com) if you have any questions or I can be of assistance.

Very best regards

Charles Landfried
President/RSO
