SUBJECT: CALENDAR YEAR 2009 INSPECTION SCHEDULE

Dear Mr. Tillman:

In response to numerous stakeholder requests, we are providing the enclosed inspection schedule detailing the inspections planned for your facility through July 1, 2009. The inspection schedule is being provided to minimize the resource impact of inspections on your staff and to allow for the resolution of any scheduling conflicts and personnel availability issues well in advance of scheduled inspection date. Please note that inspections related to physical protection are not included in this schedule.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be made available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).

Currently, we expect to provide you with updates every six months. If the need arises that requires a change of the planned dates of inspections, we will contact you to discuss the change as early as possible. Please contact me at (404) 562-4729 with any questions you may have regarding this letter or the enclosed inspection schedule.

Sincerely,

/RA/
