Information for your telephone conversation record.

1. Licensee requested license termination.
2. Decommissioning activities have been completed.
3. Final Status Survey and NRC independent confirmatory survey have been completed.
4. Draft environmental assessment recommending site release was sent to the State of Hawaii on 12/8/08 for a 30-day comment period.

The EA then needs to be finalized, published in the Federal Register, then RIV will proceed with license termination. After that happens the financial assurance instruments held by RIV will be returned to Unitech by mail, either to Les Case or Mary Sewall (Manager of Treasury).

Dear Roberto,

I left you a voice message and promised to send along this email. I need your help on handling this financial assurance matter. Any insight, assistance, whatever, is most appreciated.

Thanks,
Kathy Modes
