Re: License Plans

Per the correspondence from the NRC regarding the imminent change of licensing for Virginia entities with a NRC materials license, Commonwealth Environmental Associates, Inc. (CEA) has determined that we no longer will need a license with the NRC at that time. Based on the NRC correspondence, it is our understanding that a new license will be issued by the Commonwealth of Virginia to cover the use of the gauge within the State. Based on our historical use, maintaining both licenses will not appear to be necessary for CEA.

Commonwealth Environmental Associates, Inc. appreciates your assistance with this matter. If there are any questions or if you require additional information, please contact me at (804) 275-9320, ext. 12.

Sincerely,

COMMONWEALTH ENVIRONMENTAL ASSOCIATES, INC.
