Dear Mr. Muir:

The Miccosukee Tribe of Indians of Florida received the letter from the Nuclear Regulatory Commission on the Environmental Impact statement for two new nuclear power units in Levy County, Florida, near Inglis. Mr. Fred Dayhoff is the Tribal Representative for NAGPRA & Section 106 and Mr. Steve Terry is the Tribal Coordinator for NAGPRA & Section 106. Please send all future correspondence to me at the Tribe's Address listed below.

We have no direct knowledge of any cultural resources located in the area of the two new proposed nuclear power units. However, we recommend that a Phase I Cultural Resources Survey be conducted of the area to ascertain if there are any cultural resources which may be impacted by this project. After the survey is completed, please continue to consult with us as this project develops.

Thank you for consulting with the Miccosukee Tribe. You can contact Mr. Dayhoff at (239) 695-4360 or me via e-mail or at the contact information listed below.
