RE: NRC License No. 24-26183-01

Dear Sirs,

Due to the Missouri Department of Health and Human Services no longer regulating radioactive materials and the EPA Act transferring authority of NARM to the NRC, we wish to notify and amend NRC License No. 24-26183-01 to add the following radioactive materials. Please note that this amendment does not alter our current Radiation Safety Program.

Isotope Symbol/Name	Max Qty	Chemical/Physical Form	Usage
Co-57 Cobalt 57	as needed (not to exceed 25mCi)	Sealed Flood Source Sealed E-vial	Calibration
Ga-67 Galium 67	as needed	Liquid	Diag/Imaging
I-123 Iodine 123	as needed	Capsule	Diag/Imaging
Tl-201 Thallium 201	as needed	Liquid	Diag/Imaging

A copy of our Missouri License and Registration of Radioactive Materials is enclosed. There are no PET services provided at this location.

Thank you for your assistance.

Sincerely,

Bret Kolman, CEO  
Lafayette Regional Health Center

Enclosure
