Steve,

I know we won't be. We are still assessing geology and other items. I will let you know as soon as I can when you can expect the application. Just to let you know, we have collected all of the baseline data and it is written up.

As a side note, we plan to submit the Lost Soldier application as an amendment to the Lost Creek license. Is it even appropriate to submit the amendment request until the license is granted?

John

John:

Do you if you will be submitting the Lost Soldier and the Plant Upgrade applications in January?
