Subject: Philotechnics license and PA

Dear Donna,

Glenn Marshall from Philotechnics corporate office called me to inquire how he can get us to return their financial assurance documents. He has a PA license. They are in the process of decommissioning and will terminate that license. I asked him if he ever got a termination letter from us for their NRC license. He said no. I looked in ADAMS and didn't see anything. Can you please help me out here?

Does Philotechnics (License No. 37-28329-01/03030941) have a valid NRC license? *NO*

If so, can we open up an mail control number to return the FA? *yes*

In case you want to talk to Glenn: 865-257-2760

I told Glenn that one of us would call him back. I will be back in the office on Friday.

Thanks,
Kathy
