Dear Gentlemen:

RE: License Number 45-21343-02

*030 33317*

It is the intention of W-L Construction and Paving Inc. to possess portable nuclear density gauges at 660 Quarry Lane, Clearbrook Virginia 22624. These gauges will be used at temporary job sites in the State of West Virginia and Virginia. We are aware of the reciprocity option but do not see this as a viable option. Therefore, we will need to retain our current NRC license in order to operate in West Virginia.

Sincerely,

Christopher J. Frey Sr.  
Vice President
