On January 16, 2009, NRC staff (Tanya Simms, Tung Truong, and William Roggenbrodt) participated in a telephone conference call with Progress Energy representatives regarding the staff's detailed review of the Levy County Nuclear Plant Units 1 and 2 COL application. The purpose of the call was to discuss the response to requests for additional information (RAI) # 1759.

The discussion focused on the applicant's response to the Boundary Environs Radiation reviewed in FSAR chapter 7, Section 7.5.

At the conclusion of the call, Progress stated that they will provide a supplemental response to include the requested data.
