Chicago, IL 60604

SUBJECT: NUCLEAR REGULATORY COMMISSION REGION III COUNTERPART
SEMINAR

Dear Mr. Connors:

The U.S. Nuclear Regulatory Commission Region III office semi-annually hosts its inspection staff at a Regional Counterpart Seminar. At the December 2008 seminar, a member of your staff, Mr. Anthony Towey, Assistant Area Director of the North Aurora Area Office, presented basic industrial safety practices to our staff. We would like to thank Mr. Towey for his participation at our seminar.

Mr. Towey's presentation of personal safety and industrial safety inspection techniques clearly exceeded our expectations. The audience asked several questions during and after the presentation, and Mr. Towey displayed outstanding communication skills in answering them. His ability to provide an effective learning environment on industrial safety to an audience that is primarily focused on nuclear safety was of great value to our inspectors.

In closing, we appreciate the contribution that Mr. Towey made to our 2008 seminar. If your future activities would benefit from our involvement, please contact Allan Barker, Region III Government Liaison Officer with your request at (630) 829-9660.

Sincerely,

/RA/

James L. Caldwell
Regional Administrator

cc: A. Towey, USDOL OSHA
