NRC License Termination

Dear Dr. Lodhi:

Sorry for the delay in replying to your kind email message of 01-13-2009. Just got back from Mexico after spending the holidays with our daughter who studies architecture in Guadalajara.

We accompany this reply with Letters of Receipt of Gauge / Sealed Source from CPN, one (1) related to Models No. MC-1DR (Serial No. MD90505093) and MC-1 (Serial No. M18038157), Return Authorization Number: 1218, and (1) related to Model No. MC-1 (Serial No. M19123036), Return Authorization No: 1196. The dates of transfer were May 12, 2008 and February 19, 2008 respectively.

We hope this is the additional information that you need in order to terminate our license.

Kind regards:
Heraclio A. Amadeo, P.E.
Metropolitan Soils and Engineering Materials Laboratory, Inc.
