In the letter received 12.1.08, Kim Lowe, Ph.D., Assistant RSO requested the change in the location of the Nuclear Medicine waste storage room from the roof of the hospital to an area within the Nuclear Medicine department. Adequate closeout surveys were provided for the old radioactive decay room. On 1.6.09, I requested a letter signed by the hospital management be provided indicating that they agreed with the change in area of radioactive decay storage. Dr. Lowe stated that he would have that sent ASAP.

Action Required: Wait for documentation of management agreement with the amendment request, than issue license.
