Russ-

By letter dated December 8, 2008, we sent the Draft Environmental Assessment for Unitech Services to you for review and comment. I want to finalize the EA document, but I need your comments, if you have any. I've been out of the office quite a bit recently, but I have not seen a response letter, if you sent one. As suggested by NRC guidance documents, no response means that you have no comments.

Attached is an electronic copy of the Draft EA. If you have no comments, then I will process the Draft EA as a final EA. If you have comments, I need them ASAP.

Thank You for your time in this matter. Have a great day!
