Subject: NRC response to GDC 2, 4 and 5 one-pager

In a December 19, 2008, email, you provided an industry position regarding the applicability of GDC's 2, 4 and 5 to the offsite power system (ML090220480). The staff agrees that GDCs 2 and 4 do not apply, and that GDC 5 would only apply where systems are shared among units. The staff will clarify this position in an ISG and the next update to the SRP.

This email will be added to all appropriate dockets.

Thank you.

Tom Bergman
Deputy Director for Licensing Operations
Division of New Reactor Licensing
Office of New Reactors
