Re: NRC License 03-23853-01VA; CAL 3-08-004

Dear Mr. Caldwell:

Per your Confirmatory Action Letter (CAL) dated October 14, 2008, I hereby inform you that inspections have been initiated for all current prostate brachytherapy programs. The inspection reports have been provided to the NRC Project Manager for inspections that are closed and a report issued. Four inspections remain open pending further review and evaluation.

The inspections are required under action item #1.

I will send copies of the inspection reports to the NRC Project Manager as the inspections are closed and reports issued. I will send you a final update and copies of all inspection reports after the reports are issued and any corrective actions resolved.

I will provide additional responses to you as actions required under the CAL are completed.

If you have any questions, please contact me at 501-257-1571.

Sincerely,

A handwritten signature in black ink, appearing to read "E. Lynn McGuire".
