Subject: Virgil C. Summer Nuclear Station
Docket Numbers 52-027 and 52-028
Submittal of Supporting Document (Site Selection Study Report) for the
Combined License Application for Virgil C. Summer Nuclear Station
Units 2 and 3

In accordance with the requirements contained in 10 CFR Part 52 and 10 CFR Part 2.101, South Carolina Electric & Gas (SCE&G) submitted a combined license application (COLA) on March 27, 2008, for two Westinghouse AP1000. As part of the NRC acceptance review of the COLA, the NRC requested that more detail be provided on the siting studies conducted for the new units and that a single methodology be used to assess all the viable candidates. The enclosed report provides the requested study.

Should you have any questions, please contact Mr. Al Paglia at 803-345-4191.

I declare under penalty of perjury that the foregoing is true and correct.

Executed on this 19th day of January, 2009.

Sincerely,

A handwritten signature in black ink that reads "Ronald B. Clary".
