SUBJECT: Global Nuclear Fuel's (GNF) RESPONSE TO U.S. NUCLEAR REGULATORY COMMISSION (NRC) INSPECTION REPORT 99901376/2008201, NOTICE OF NONCONFORMANCE

Dear Ms. Price:

Thank you for your letter dated November 25, 2008, in response to the Notice of Nonconformance (NON) that was discussed in the subject U.S. Nuclear Regulatory Commission (NRC) inspection report (IR).

We have reviewed your letter and found your response to NON 99901376/2008-201-01 to be adequate in addressing and correcting the nonconforming condition documented on the aforementioned NON.

The staff may review the implementation of your corrective actions during a future NRC staff inspection to determine that full compliance has been achieved and will be maintained.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and your response will be made available electronically for public inspection in the NRC Public Document Room or from the NRC's document system (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>. To the extent possible, your response, if any, should not include any personal privacy, proprietary, or safeguards information so that it can be made available to the Public without redaction. If personal privacy or proprietary information is necessary to provide an acceptable response, then please provide a bracketed copy of your response that identifies the information that should be protected and a redacted copy of your response that deletes such information. If you request that such material is withheld from public disclosure, you must specifically identify the portions of your response that you seek to have withheld and provide in detail the bases for your claim (e.g., explain why the disclosure of information will create an unwarranted invasion of personal privacy or provide the information required by 10 CFR 2.390(b) to support a request for withholding confidential commercial or financial information). If safeguards information is necessary to provide an acceptable response, please provide the level of protection described in 10 CFR 73.21.

Please contact us if you or your staff have any questions or comments regarding this matter.

Sincerely,
