Greetings,

I am writing to make a FOIA request for materials to be used in a research project being conducted at the University of Pittsburgh. This project is being undertaken by Prof. George Krause of the Department of Political Science.

This FOIA request regards biographical information you have on file for commissioners on the NRC from 1977 to 2005. Specifically, we are interested in resumes or profiles that might have been submitted by commissioners upon their accession to the commission, or any other documents that might be available detailing the biographical profile of each commissioner, including dates related to their accession. Any documents that are available would be of great use to this research project. The names of the pertinent commissioners, and the year that they first joined the commission are listed below. Thank you for your time and consideration.

We also would request a fee waiver for any fees that may apply. The information is being used for an academic research project undertaken by a professor at a public research university. If photocopying need be done, and there is a charge for that, please contact me before proceeding.
