Subject: 2008 Ionization Type Smoke Detector Exports

Dear Director,

Pursuant to 10 CFR 110.23(b) this report details the 2008 general license exports manufactured and distributed by the System Sensor business of Honeywell International Inc. as follows:

- 1) Ionization type smoke detectors containing special form Americium-241 sealed sources totaling 17,987  $\mu$ Curies;
- 2) Approximate ship dates are described in Attachments 1 and 2;
- 3) Recipient countries are described in Attachments 1 and 2; and in all cases the end users are the owners or occupants of buildings with fire alarm systems.

Please feel free to contact me at any time should you have any questions regarding this information.

Sincerely,

A handwritten signature in black ink, appearing to read "Brian Langkan".
