Subject: request to have a phone call to discuss apparent discrepancy in FSAR section 2.3

Tom and Eddie,

The purpose of this email is to request a phone call to discuss a change that we believe is needed to the FSAR. Specifically, Table 2.3-307 lists a monthly mean [precipitation](#) value of 5.1 inches for October. However, the text on page 2.3-19 references a value of 3.9 inches from April instead of the higher value of 5.1 inches from October. The staff believes that the discrepancy on page 2.3-19 needs to be fixed.

Please let me know when you can support a call to discuss the issue.

Sincerely,

Joe Sebrosky
