This letter is to confirm that Yousef Abdulnabi, MD is a staff Cardiologist at United Hospital Center since July 01, 2002, with privileges in Nuclear Cardiology.

Dr. Abdulnabi demonstrated knowledge and experience in Nuclear Cardiology including but not limited to:

1. Administering dosages of radioactive drugs to patients or human research subjects.
2. Experience of eluting generator systems appropriate for the preparation of radioactive drugs for imaging and localization studies, measuring and testing the eluate for radionuclide purity, and processing the eluate with reagent kits to prepare labeled radioactive drugs, as described in 10 CFR 35.290 c (1)(II) (F) and (G).

Sincerely yours,

Michael A. Stewart, MD
Chairman, Radiation Therapy Department
