

Under penalty of perjury, I, Robert Tomashevsky declare as follows:

1. Address / proximity to proposed reactor site: I Robert Tomashevsky reside at 11210 NE 109th PL in the city of Archer, Florida. My residence lies approximately 30

miles from the proposed site of a two new nuclear reactor units in Levy County, for which

Progress Energy Florida has submitted a combined construction permit and operating license application (“COLA”) to the U.S. Nuclear Regulatory Commission (“NRC” or “Commission”).

2. I am concerned that if the NRC grants Progress Energy Florida’s COLA, the construction and operation of the proposed nuclear power plant could adversely affect my health and safety and the integrity of the environment where I live. I am particularly concerned about the risk of accidental releases of radioactive material to the environment, and the potential harm to groundwater supplies and local surface waters. I am additionally concerned about economic impacts to me as an electric power customer.

3. I am a member of Nuclear Information and Resource Service (NIRS).

4. In order to ensure that the licensing decision for the proposed Levy County 1 & 2 nuclear

power plants protects my interests in a safe and healthful environment, I have authorized NIRS

to represent me in any licensing proceeding and/or related rulemaking proceeding that concerns

the safety and environmental impacts of the proposed nuclear power plant in Levy County,

Florida. I have also authorized NIRS to take any legal actions that are necessary to ensure that

the licensing proceeding and the rulemaking proceeding are conducted fairly, efficiently, and in a

manner that provides for the full consideration of all licensing issues that could affect my safety and the health of my environment.

I declare under penalty of perjury that the foregoing facts are true and correct and that any

expressions of opinion are based on my best judgment.
