Subject: Copyright and Trade Secret statement.

(NOTE: This will be used as the Documents Title in ADAMS)

I asked Mr. Kane about the copyright and trade secret statement at the end of his shielding calculation submitted on January 27, 2009. He stated that it was not intended for the NRC or Agreement states to follow. I told him he needed to send in a statement that the statement could be ignored and did not apply to us. He said he would send in a statement with the additional information for the authorized users to be added to the license. The additional information was expected to be sent this week.
