Re: NRC TO SUSPEND CORDER TO AMEND
Dockets Nos. 52-012, 52-013, Suspension Served 02/13/08
STPNOC RAIs ACCEPTANCE by DSER/NO

Dear Project Manager Muir:

What is the projected DSER/NRO acceptance date of the STPNOC second set of RAIs?
Does acceptance lift the subject suspension and allow the published date of Units 3 and 4
to be online by 2016, pursuant to NRC issuance of the Application for a Combined
Operating License?

Does the agreement statement (dated 08/29/08) by Mr. Scott Flanders, Division Director,
DSER/NRO, include work by the USACE invitation for involvement in the
NRC/STPNOC EIS?

Sincerely,

John Corder
