SUBJECT: ACKENHEIL ENGINEERS & GEOLOGISTS, INC., REQUEST FOR
ADDITIONAL INFORMATION CONCERNING APPLICATION FOR
TERMINATION OF LICENSE, CONTROL NO. 143186

Dear Mr. Watts:

This is in reference to your letter dated December 30, 2008 requesting to terminate your Nuclear Regulatory Commission License No. 47-19615-01. Your letter did not provide the required information. I have tried to contact you via phone, but your phone does not answer. **You must provide the information specified in NRC Form 314 (enclosed) in order for us to terminate your license. In addition, NRC policy requires that all correspondence related to a license be signed by a member of the licensee's senior management (e.g., President, Vice President, etc.), rather than the Radiation Safety Officer.**

Please note that NRC sent you an invoice for the annual fee for your license, but you have not paid this fee. You should contact Sherry Buda at (301) 415 6106 regarding payment of fees.

Current NRC regulations and guidance are included on the NRC's website at www.nrc.gov; select **Nuclear Materials; Medical, Academic, and Industrial Uses of Nuclear Material**; then **Regulations, Guidance, and Communications**. You may also obtain these documents by contacting the Government Printing Office (GPO) toll-free at 1-866-512-1800. The GPO is open from 7:00 a.m. to 6:30 p.m. EST, Monday through Friday (except Federal holidays).

We will continue our review upon receipt of this information. Please reply to my attention at the Region I Office and refer to Mail Control No. 143186. If you have any technical questions regarding this deficiency letter, please call me at (610) 337-5364.

R. Watts
